

PBI Arctic Allies Program Application

Thank you for your interest in partnering with Polar Bears International!

Polar Bears International is grateful for donations of any size. If you're interested in making a one-time contribution, hosting a one-time event, or making a series of small donations that total less than \$1000 annually, please visit the [donation page](#) of our website. You're welcome to mention that contributions will go to the conservation of polar bears in publicity about your event, but we ask that you not use our logo or make direct mention of Polar Bears International.

If you are, in fact, seeking a formal partnership with PBI and intend to make annual contributions totaling between \$1,000 and \$10,000, please complete this Arctic Allies application—we want to know who you are so we can better determine how we might benefit one another. **Complete applications should not exceed two full pages** and should be returned to fundraising@pbears.org. After review and acceptance of your application, we will provide you with a contract to sign and return along with your initial good-faith contribution of a minimum of \$500. Upon receipt, we will provide you with an electronic copy of our logo and instructions on how to use it. At that point, we will also add a link to your website and a short description of your organization on our website.
